COVID-19 School Operations Plan

December 16, 2021

The below guidance is based on the Centers for Disease Control & Prevention's "[Guidance for COVID-19 Prevention in K-12 Schools](#)" and Kentucky Public Health's "[Guidance for K-12 School Operations for In-Person Learning](#)". It is subject to change as CDC and KPH guidance is updated.

Vaccination

Vaccination against COVID-19 is currently available to all individuals ages 12 and over. Locally, vaccination is available by appointment at the following:

- Breckinridge County Health Department (270-756-5121)
- Breckinridge Primary Care (270-580-2250)
- Cloverport Health Clinic (270-788-3000)
- McDaniels Family Clinic (270-902-4411)
- Patel Medical Center – Hardinsburg (270-756-2121)
- Patel Medical Center – Irvington (270-547-7161)
- St. Camillus Urgent Care (270-580-4778)

Masks

All staff, students, and visitors (whether vaccinated or not) are required to wear a mask while indoors at the school campus or on the bus. The Cloverport Board of Education will revisit this issue at their regular meeting on January 20, 2022.

Physical Distancing

To the greatest extent possible, physical distance of at least 3 feet will be maintained in all indoor settings.

Isolation

We ask that parents keep their children home if they display any of the following symptoms:

- Fever or feeling feverish (e.g., chills, sweating)
- New cough
- Difficulty breathing
- Sore throat
- Muscle aches or body aches
- Vomiting or diarrhea
- New loss of taste or smell

Students displaying any of the above symptoms at school will be isolated and sent home.

Quarantine & Contact Tracing

We will work with the Breckinridge County Health Department and state contact tracers to determine when close contact with a positive COVID case has occurred and to what extent quarantine is necessary, if at all. All staff and students, regardless of vaccination status, who are close contacts to a positive COVID-19 case will be expected to quarantine.

Students in 3rd to 12th grades who are quarantined but not ill are expected to utilize Google Classroom to stay up to date on daily schoolwork. If Google Classroom is not utilized in a particular class, students are expected to reach out to their teacher for their schoolwork. Assignments are expected to be completed on time unless otherwise indicated by the teacher.

Students in preschool through 2nd grade who are quarantined but not ill will work directly with their teacher to stay up to date on daily schoolwork.

Overnight Trips

Students choosing to participate in overnight trips where rooms will be shared will be required to do one of the following:

- Provide a negative COVID-19 test result within 72 hours of leaving for the trip
- Provide a statement from a healthcare provider indicating that the student is within the 90-day window of having had COVID-19
- Stay in a private room (if available) at his/her own expense
- Stay or travel with his/her parent or guardian at their own expense

Cleaning & Disinfection

The district will continue a rigorous cleaning and disinfection regimen, including frequent disinfection of high touch surfaces.

COVID-19 Quarantine Notification Form

_____ has been identified as a close contact to someone who tested positive for COVID-19 and is required to quarantine from the school campus. His or her last contact with the COVID-19 positive individual was on _____. There are two options for quarantine.

Option #1

The affected person must quarantine for 10 days after last contact. This means he or she may return to school on _____.

Option #2

The affected person may take a COVID-19 test on _____, _____, or _____. If the test result is negative, he or she may return to school on _____. A copy of the negative result must be emailed (amy.simmons@cloverport.kyschools.us) or faxed (270-788-6640) to the school prior to his or her return.

Please contact a healthcare provider immediately if symptoms of COVID-19 appear.
